PROFESSIONAL SUMMARY

iOS Engineer with 13+ years of experience building and evolving large-scale iOS applications. Initiated and established CI/CD automation using Jenkins and Fastlane, improving release reliability and engineering velocity. Led architectural revamps of core modules using Clean Architecture, driving long-term maintainability and scalability.

TECHNICAL SKILLS

Languages: Swift, Objective-C, Objective-C++

Architecture: Clean Architecture, MVVM, Modularization, Dependency Injection

Frameworks: UIKit, SwiftUI

CI/CD: Jenkins, Fastlane

Tools: Xcode, Git, Firebase

Methodologies: Agile Scrum, Kanban

Practices: Code Reviews, Pull Requests, Release Management

PROFESSIONAL EXPERIENCE

Staff iOS Engineer – MEGA Privacy (NZ) Limited (Contract) | Remote, India | Nov 2025 – Mar 2026

- Continued ownership of Cloud drive and Led the revamp of Home module migration to clean Architecture.
- Reduced CI pipeline execution time, enabling faster validation cycles and improving engineering velocity.

Staff iOS Engineer – MEGA Privacy (NZ) Limited (Full time) | Auckland, NZ | Aug 2019 – Nov 2025

- Developing and maintaining MEGA iOS app using Swift, SwiftUI, UIKit, and Objective-C
- Led the revamp of the Cloud Drive and Home modules, migrating legacy implementations to Clean Architecture with clear separation of Presentation, Domain, and Data layers.
- Led implementation of CI/CD automation using Jenkins and Fastlane, standardizing build, code signing, and release pipelines, significantly reducing manual release effort and improving deployment reliability.
- Leading the Meeting & Chat module.
- Working in Agile Scrum and Kanban delivery model
- Code reviews and production feature delivery

Technical Lead – Honeywell Technology Solutions | India | Dec 2016 – Jul 2018

- Led 5-member iOS team
- Development using Swift, UIKit, and Objective-C
- Production releases and feature ownership

Senior Software Development Engineer – McAfee | India | Nov 2015 – Dec 2016

- Led 3-member iOS team
- Development using Swift, UIKit, and Objective-C

Module Lead – Happiest Minds Technologies | India | Jan 2014 – Nov 2015

- Development using Swift, UIKit, and Objective-C
- Delivered ESPN CricInfo iOS application

Software Engineer – Robosoft Technologies | India | May 2011 – Dec 2013

- Development using Objective-C and UIKit
- Worked on award-winning apps including WWF Together (Apple Design Award winner)

EDUCATION

Postgraduate Diploma in Computing – Unitec Institute of Technology, New Zealand (2019)

Master of Technology in Information and Communication Network Engineering – Manipal Institute of Technology (2011)

Bachelor of Engineering in Computer Science and Engineering – Visvesvaraya Technological University (2008)

CERTIFICATION

ICAgile Certified Professional (2019)
